## KEYPOINT® Focus

### Compact EMG/NCS/EP System

Dantec Keypoint Focus is the next generation EMG system - delivering the quality and results you expect, at an economical price.

Its new compact design and intuitive, powerful functionality make the Dantec Keypoint Focus EMG system ideal for space conscious professionals in hospitals and private offices.

- NEW** 3 and 6 channel options
- NEW** Increased performance of amplifiers and stimulators
- NEW** Keypoint.NET version 2.10 software now with tremor analysis
- NEW** Microsoft Windows® 7
- NEW** All-in-One EMG system with dedicated controls, integrated stimulators and high quality audio

#### HANDLE DIFFICULT CASES MORE QUICKLY AND EFFICIENTLY

- Protocol-based testing
- Broad range of powerful analysis tools
- Automatic comparison with normative data
- The only system available with a complete MUP normative database
- Fast, automatic report generation

#### DESIGN AN EMG SYSTEM THAT'S PERFECT FOR YOU

- Select the configuration that works for you - portable notebook systems to fully featured workstations
- Purchase only the applications you need
- Completely control all measurements, data tables/calculations and displays
- Create customized reports

#### IT-FRIENDLY FEATURES

- Microsoft SQL database
- Automated study data back-up/archiving functionality
- Complete Active Directory Services
- GDT/HL7 connectivity

**The all-new Dantec Keypoint Focus EMG system is based on nearly 50 years of experience in EMG system design. Quality, accuracy, and dependability - what you have come to expect from the Dantec brand.**

## Versatile EMG/NCS/EP Software
